# Youssef Bouayez

FULL-STACK WEB DEVELOPER

✉ youssefbouayez2@gmail.com | ☎ +212-700678895 | 📍 Tanger, Maroc

Profile

Full-Stack Developer with over 2 years of professional experience, including more than 1 year as a freelance developer working on web and mobile applications for international clients. Specialized in React, Next.js, Vue.js, Symfony, and mobile development with React Native and Expo. Experienced in building scalable, production-ready solutions and deploying applications using AWS cloud services.

EXPERIENCE

FREELANCE FULL-STACK DEVELOPER
REMOTE | 2024 – PRESENT
My role involved full-stack web and mobile development, collaborating with clients and a small team to transform ideas into scalable, high-performance applications, including multi-tenant platforms, using modern and innovative technologies.

CLOUD DEVELOPER
YOUR AWS | MAY 2024 – JULY 2024
My role focused on cloud development, using AWS services for application hosting, domain management, security configuration, and performance optimization, while solving cloud-related issues and providing technical support.

FULL-STACK WEB DEVELOPER
DIGIEVENTS | MAY 2023 – APRIL 2024
My role covered full-stack web development, working closely with the team to turn concepts into interactive and efficient web applications and extensions by leveraging advanced and innovative technologies.
